M.D. of Marquis Annual Meeting Held February 15

The meeting was called to order at 2 o'clock p.m. by Wm. Oler, Returning Officer. It was the unanimous consent of the meeting that W. Oldfield act as Chairman and F. C. Miller Secretary.

The Chairman wanted to know as to how the meeting wished to deal with the financial statement and it was decided that it be read in different sections and that after each section was read that the meeting be opened to ask questions concerning that part of the financial statement.

The Revue, M. E. Ward, took the financial statement and went over the various sections. Several questions were asked which were answered to the satisfaction of the ratemakers present.

At 5 o'clock the meeting was taken over by the Returning Officer to receive nominations for a representative on the Hospital Board and three Councilors. As there was only one nomination for a representative on Hospital Board Mr. Wilson Oldfield was declared elected by acclamation. The following were nominated for Councilors: V. J. Bertrand, Jack Dietz, L. H. Irwin, J. H. Lucas and M. H. Ward.

The Chairman called on each of the Councilors to give an account of their stewardship during the last year, which they did in a very satisfactory manner.

A motion concerning a by-law to have the Municipality divided into Wards was presented to the meeting and unanimously passed.

Occur. the office boy at CF&O in Calgary, came close to being fired the other day. He was called to remark that the Tarzan transcription was not heard the Ft. McMurray records after the famous tarzands.

Ladies' Aid Social

More than 60 people spent a very enjoyable evening in the basement of the Brethren Church last Friday, Feb. 28 when the women of the Ladies Aid entertained their husbands. The early part of the evening was spent in playing games under the very efficient leadership of Mrs. Mervin Norton.

By the use of green and yellow tags the group was divided into two sections named respectively, the Greenhorns and Ignoramuses. In all games of the evening the two sides were in competition. Mr. Omer Larson captained the "greens" and Mr. Fred Miller, the "yellows". Baseball, feather tennis, curling, a spelling match, and a search for hidden art (pictures) were interesting and in some cases rather exciting events.

When the scores were totaled it was found they were tied. The captains then competed in a balloon blowing contest to break the tie. Mr. Miller found it difficult to generate sufficient wind to get his balloon ready for ascension and lost to Mr. Larson. Generous boxes of most delicious candy were the prizes presented to the captains.

A short program was then given by the ladies. Mrs. M. Norton gave a reading entitled "Betty and the Bear," after which a play, "Mrs. Jenkins'

EMPRESS Re-Designed for Cruises

By the installation of a permanent tiled swimming pool, increased deck space, and a Lido Cafe, the Empress of Australia, famous former world cruise liner of the Canadian Pacific, is being fitted for her three months West Indies cruise season in 1936.

The whole after-end of the 11,000 ton, three-funnelled liner is now being remodelled in England, and the structural changes being carried out will result in the addition of many square feet of deck space on "A" deck, an enlarged shelter promenade on "B" deck, and a spacious Cafe facing a tiled open-air pool, which will be the central feature of the new sports deck.

The tiled swimming pool will have an area of 750 square feet. It will be 25 feet long and 30 feet wide. Day umbrellas and comfortable lounges will be dotted about the deck for sun-bathers, and provision is being made for an additional full-size deck tennis court. The Lido deck extends to the stern of the ship.

1936 schedules for the Empress of Australia, in addition to the West Indies season of five cruises, leaving New York in January, February, March, and April, provide for a season of seven cruises to the Southern cruise lasting the summer. To provide additional comfort during the months the Empress of Australia's passengers will spend in tropical temperatures, additional ventilation is being provided for. Bathrooms are being added to a number of the bedrooms.

The Empress of Australia's West Indies cruise departures from New York will be January 23rd, February 15th, February 25th, March 21st, and April 9th, for cruises of 18 days, 10 days, and 10 days in length.

Photographs show a merry tea party, a before-dinner gathering on the new shelter deck, and a deck tennis game.

Brilliant idea," was given The closing number was a solo by Mrs. Hollenburg. She sang "Don't Cry Little Girl, Don't Cry." In her usual pleasing manner.

The play was most amusing from start to finish. The Aid has divided into squads to raise money and each is to raise \$20. Mrs. Culp's squad of eight ladies meets and after considerable discussion decides to have a "rummage" sale of "useless senseless" gifts that have been given to them and their friends.

Considerable satisfaction is felt over the brilliant idea and the twenty dollars seems in sight. They adjourn to meet the following day to prepare for the sale.

Generous donations are received and the ladies see visions "maybe we'll make \$50." But indignation and hard feelings soon develop as one after another of the ladies find gifts of their own giving classed as "useless-senseless" articles. "I'll have you understand I paid \$2 for that and its two dollars more than you'll ever get for me again."

"I call that a down right insult. I gave you that myself." "I'm going home. I don't want to ever hear rummage sale again." Finally all are gone in anger or tears but the feelings soon develop as one after another of the ladies find gifts of their own giving classed as "useless-senseless" articles.

word was passed around that Mr. Fred Miller was now celebrating his "eleventh" birthday it being Feb. 29. A speech was called for. Owing to his youth Mr. Miller said he had very little to say.

The group dispersed in the wee small hours of the morning with a host of pleasant memories to store in their memory galleries.

Novel Bookmark

One of the most unusual novelties we have seen in many a time was presented at the Resource office this week by the Rev. John Weiland, who has in his possession a book-mark lately received from the National Geographic Society. The bookmark is a part of the fabric from the Balloon "Explorer 11" which in the service of science attained a world's altitude record of 72,805 ft above sea level on Nov. 11, 1935. The face of the novelty carries on it a picture of the balloon while on the reverse side is a resume of facts concerning the flight. The experiment was made in South Dakota. The gas bag was the largest ever built, its volume being 3,700,000 cubic ft; the amount of fabric would cover 21 acres, and its weight was 15,002 pounds.

R. S. Law, President of United Grain Growers Issues Statement:

Now that the Dominion Government has decided to apply the principle of a minimum price to a portion of the wheat crop 1935-36, the principle should be extended to all farmers who sold wheat during that year, according to a statement made by Mr. R. S. Law, President of United Grain Growers Ltd. last week.

Mr. Law's statement was as follows:—

"According to announcement which has been made at Ottawa, the Dominion Government has decided to apply the principle of a minimum price to a portion of the wheat crop of 1935-36 and give to a portion of the farmers who sold wheat that year the benefit of a minimum price of 60c a bushel. United Grain Growers has decided to call to the attention of the government the desirability of extending equal treatment to all western farmers and of applying the minimum price principle to all the wheat crop of that year. That would mean giving to those farmers who sold their wheat on the open market those months when the price ranged between 40 and 60c a bushel the minimum price of 60c. Customers of this Company who are in that position look to us make representation on their behalf to the Government and a number of them have already called on us to do so. Undoubtedly the feeling will be very strong that there should be no discrimination and that the equality of treatment should be provided."

Election Results, Municipal District of Marquis, No. 157

On account of the severe cold weather and snow-blocked roads the vote polled in the Municipal District of Marquis, No. 157, on Saturday the 22nd was small. The result of the election by polls was as follows:

	No. Aranda	No. Beld Hill	No. S. Marquis	No. S. Jenkins	No. S. Buryranger	No. S. Milo	No. S. Queenstown	No. S. Beld Hill	No. S. Arrowwood	No. S. Shouldice	No. S. Winkler	Total
Bertrand, V.J.	10	5	9	3	14	18	10	18	8	5	118	
Deitz, Jack	7	12	14	30	6	28	81	9	8	15	165	
Irwin, L.H.	8	10	13	25	5	22	29	9	8	10	154	
Lucas, J.H.	17	14	21	31	14	38	27	14	13	11	210	
Ward, M.H.	9	7	8	7	15	19	17	9	21	7	8	187

The correct vote by the By-law to divide the Municipality into wards is not available but the figures available are sufficient to carry the By-law with quite a large margin.

Brethren Church
Notes

The contest program next Sunday evening, March 5th, will be given by the side of which Grach Brubaker is the Captain. Various readings, special messages in song, a short sketch and a talk will constitute the program. The theme "Consecration of Talents" should be of interest to all. We ask your co-operation in this project. Especially do we urge the presence of everyone on this side.

The Hockey Dance

The dance sponsored by the Hockey Club last Friday night was another of those very occasions which have always characterized the Cardinal's dances. Weather and road conditions decidedly affected the attendance, but the lack of numbers was offset by the spirit of liveliness prevailing during the entire evening.

The feminine sex demonstrated they could successfully entertain, when they serenaded the gents with no let-up until supper time. The "Champion" orchestra engaged to play for the dance were unable to play through the snow-dusted roads so a local orchestra composed of Mrs. Phillips, Messrs. Jacques, Kettie and Tomi rendered the music, which every one acclaimed as very good.

The Hockey boys again thank everyone for the support they received.

THE EVER-WIDENING WAVE CIRCLES, OR THE JUBILEE OF THE "LAST SPIKE"

The reverberation of the driving of the last spike of the world's greatest transportation enterprise has not yet ceased enrolling the world in the interest of Canada and humanity in general.

Here and There

Vancouver is holding this year the Golden Jubilee celebration of its founding in 1866. Some of the features planned include sports events of all kinds, music, pageants, a special performance of Shakespeare's "Midsummer Night's Dream" in Butler Park, a performance of Hiawatha, an Indian village, a Hawaiian village, special decorations and illuminations all over Vancouver. Celebrations will reach their peak in the first ten days of July.

At the annual Burns dinner held at the Empress Hotel, Victoria in February at which over 300 Burns lovers took part, the royal Scotch bagpipe was brought over from Vancouver and was carried in stunning honours by a silver platter by Miss Gwen Dewar and piped around the Empress dining room by Pipe-major Donald Cameron. Greetings were received from South Africa, Australia, the United States and London, England.

Stating emphatically that success depends on luck, Captain Charles M. Hudson, D.S.O., and Maj. R.H.L. commandant of G-boat for two years of the war, gave a hard job convincing the Active Club International at total Vancouver concerning the entire truth of the statement. They thought that skill, courage and foresight had something to do with success after hearing some of his adventures.

Recently the Royal York Hotel, Toronto held a Cherry Pie Contest wide open to everybody and gave ten prizes in order of merit and the good housewives of the Queen City were all ago. The judges of course had their work cut out for them—or may be they did a bit of cutting for themselves.

"It is a pity every British Columbia business man can not find it possible to visit the Far East, particularly Japan," said C. A. Cotterell, assistant general manager, British Columbia, for the Canadian Pacific Railway, just back from a trip to the Orient. Mr. Cotterell thought a visit would be an education, enlightening and of inestimable value in a practical sense.

Two prominent British residents in Kobe are fighting a losing battle against a sacred pine tree which they fear is about to fall on their residence, according to passengers arriving in Victoria recently on the Empress of the North Atlantic Conference, will continue in operation as a high class, high speed, de luxe liner," William Baird, steamship passenger traffic manager of the Canadian Pacific, said recently.

"The Canadian Pacific's biggest liner, the 42,000-ton Empress of Britain, to be designated 'cabin' ship following the abolition of "first class" designation by the North Atlantic Conference, will continue in operation as a high class, high speed, de luxe liner," William Baird, steamship passenger traffic manager of the Canadian Pacific, said recently.

At one end of the Dominion the Eastern International Dog Sled Derby at Quebec, Feb. 25-27 hit the high spots in winter sport and at the other end was the Empress golf Tournament at Victoria, February 17-22, both sponsored by the Canadian Pacific Railway and each showing the versatility of the Canadian climate, since both were indubitably and entirely successful.

Skiing has reached unprecedented levels this winter with an average of 6,000 skiers taking week-end trips from Montreal to nearby mountain resorts all season, and with similar figures available from all over the Dominion.
